
QUOTABLE QUOTE FROM SLS MEMBER

"In high school, I learned that SADD is a place where everyone belongs. ...Anyone could join SADD and save a life. SADD gave me the opportunity to impact almost every student in my school with our important message-SADD cares. SADD was the only organization stepping forward to tell each person they mattered."

-Heather Rogers, Alumni

STUDENT LEADERSHIP SERVICES, INC. (SLS)

Student Leadership Services, Inc. (SLS) develops young leaders who are creating social change. SLS coordinates high school and middle school youth-led prevention groups.

SLS works to reduce the number of alcohol-related crashes, encourage young people to live free of alcohol and other drugs, and increase the use of safety belts, while teaching leadership and life skills.

SLS provides training in leadership, organizational development, team building, communication, message marketing, social awareness, asset building and inclusiveness.

SLS provides educational programs, grants, direction, support and training opportunities to more than 600 student-led chapters throughout the state of Michigan. Since it's beginning in 1982, Student Leadership Services has delivered peer led models reaching both non-drinking, and at-risk, alcohol using/experimenting youth with abstinence as our goal.
